Note: For more complete details on **VIP**, consult the *VIP Setup and User's Guide* (ESI document #0450-0513), on which this document is based. ESI-trained Resellers may download this and other informative documents from www.esiresellers.com (password required).

About ESI

ESI (Estech Systems, Inc.) is a privately held corporation based in Plano, Texas. Founded in 1987, ESI specializes in telephone systems for the small to mid-size business. Since its days as a small start-up, ESI has enjoyed exceptional stability and growth while maintaining its dedication to small company values — including the need to take care of the most important part of the equation: your business.

ESI pioneered the all-in-one telephone and voice mail system. The original IVX, introduced in 1996, represented a radical breakthrough in system design: the inclusion of a full suite of features within a single integrated telephone design.

Committed to excellence, ESI is an ISO-9001-2000 certified company — assuring that quality is fundamental.
